5<sup>th</sup>  
June'2012

**Symbolic Tree  
Plantation  
Ceremony.**

This year World Environment Day was celebrated on Wednesday June 5th, 2012. The day began by conducting a symbolic tree plantation ceremony at Head Office lawn. This was attended by our Top management, indicating their commitment towards environment

**Tree Plantation by Director Production & EMR**

**Group Photograph on the occasion of Tree plantation**

We all know that the most effective and economical way to overcome global warming is through Tree Plantation activity. Trees not only clean our atmosphere but also play a vital role in providing basic life necessities. It is therefore our basic responsibility to give value and importance to such types of activities and also involve other interested parties in this regard. .

5<sup>th</sup>, 10<sup>th</sup>,  
11<sup>th</sup> & 12<sup>th</sup>  
July

**Employees'  
Children Visit to  
HPML**

The program was conducted in four-half days sessions on 5<sup>th</sup>, 10<sup>th</sup>, 11<sup>th</sup> & 12<sup>th</sup> July, 2012. Altogether 165 children (aged between 6 to 15 years) attended these mini summer camps. The following environmental related activities were conducted during these sessions;

1. Environmental Awareness presentation & videos.
2. Tree plantation activity where the children were gifted their own planted flower pots.
3. Visit to the Wastewater Treatment Plant
4. Environmental project display / briefing by SITE Model school children

The program was conducted in four-half days sessions on 5<sup>th</sup>, 10<sup>th</sup>, 11<sup>th</sup> & 12<sup>th</sup> July, 2012. Altogether 165 children (aged between 6 to 15 years) attended these mini summer camps.

The main idea was to enhance their information on environmental conservation, types of Pollution, importance of tree plantation and concept of water pollution and treatment. Children learned about their roles and responsibilities in environmental conservation.

17th July

Vendor Awareness Program

In accordance to the HML guideline **“Promote environmental activities with business partners”**, HSE department in coordination with Progressive Manufacturing Department has conducted HSE Awareness session at vendor’s site. NCB Cooperation is a Casting industry and is providing Brake Drums, Fly Wheels and brackets to HPML. Awareness on environmental & safety hazards associated with casting industry and their related counter measures were communicated to their top management and supervisors through presentation videos and poster display at shop floors. Moreover, symbolic tree plantation activity in their premises by both the management.

This was the first step towards extending the concept of environmental preservation to our business partners. Through this program, HPML was able to inform the vendors about their roles and responsibility concerning to environment and how they can join hand together in bringing positive change in the society.

6<sup>th</sup> June to  
2<sup>nd</sup> July

### Prevention of Air Leakages

Same as previous year, we have again conducted Yokoten in both CAP & BMP to highlight Air Leakages areas and to take appropriated counter measures to avoid air leakages and to minimize the energy consumption that has been wasted due to idle running of compressor.

Energy defines our lives and we rely on it completely in our life. Due to water shortages, global warming and other related factors, we are facing energy crises resulting in frequent power failures. In order to overcome this crisis, we should identify such gaps and take appropriate counter measures to rectify these problems. Such type of activity should continue in future as well.

**Thanks**
